TELEGRAPH

PROVIDED FOR THE DAILY HERALD

Mr. CROOK Dispatches.

An Omaha dispatch says two hundred Sioux pounced on about forty Sioux and Cheyenne Indians eighty miles from South Pass City ten days ago, and killed twenty-nine of them.

The Coroner's jury is inquest on the victim of the Long Island Railroad's accident returned a verdict that said visitors came to their death through the "accident," and held that the Long Island Railroad Company are responsible for said accident by neglecting their duty in keeping their track in proper order.

The verdict will not greatly trouble the sleep of the Long Island managers and that will probably be the end of it. The trial and conviction of the guilty officers, on a charge of murder, might have some effect in keeping railroad tracks in repair.

The Commissioner of internal revenue has decided that Counter stamp number two of the Western Union Telegraph Company, as now used by said company, and found on printed headings of their bills for telegraphic messages, is when filled up and signed by the sender and delivered to the company's mailing, and as such require no special postage.
